Caitlyn's big mom 'I just want my kids to be proud'

Inside the star's dazzling public debut

The speech that left us speechless

"I trained hard, I competed hard and, for that, people respected me. But this transition has been harder on me than anything I could imagine. And that's the case for so many others...

"Trans people deserve something vital. They deserve respect. And from that comes a more compassionate community, a more empathetic society and a better world for all..."

"I also want to acknowledge the young trans athletes who are out there – given the chance to play sports as who they really are... We have come a long way."

"It's an honour to have the word 'courage' associated with my life. But on this night another word comes to mind... 'fortunate'. I owe a lot to sports... If someone wanted to bully me... I was the MVP of the football team. That wasn't going to be a problem."

"Same thing goes tonight. If you want to call me names, make jokes, doubt my intentions, go ahead... I can take it."

"But for the thousands of kids out there coming to terms with being true to who they are, they shouldn't have to take it... It's not just about me, it's about all of us accepting one another. We're all different. That's not a bad thing – that's a good thing."

As far as memorable speeches go, Caitlyn Jenner knocked it out of the park at the ESPY Awards in LA last week!

Looking fabulous in a white figure-hugging Versace dress as she accepted the Arthur

Ashe Courage Award, the 65-year-old former

Olympian launched into an

articulate and moving speech detailing the plight of transgender men and women across the globe – and left many in the crowd in tears.

But it wasn't just the transgender community she did proud – Caitlyn's nearest and dearest were all there to show their support

during her first public event since announcing plans to live as a woman.

Alongside her mum Esther and sister Pam Mettler were Cait's six children Burt, 36, Cassandra, 35, Brandon, 34, Brody, 31, Kendall, 19 and 17-year-old Kylie Jenner.

And while ex wife Kris Jenner was noticeably absent, Cait's stepdaughters Kourtney, 36, Kim, 34, and 31-year-old Khloe Kardashian wouldn't have missed it for the world.

"I'd like to thank my family," Cait shouted out from the stage. "The biggest fear of coming out was that I never wanted to hurt anyone else, most of all my family and my kids... I am so, so grateful to have all of you in my life."

What an amazing woman! ■

RED-CARPET BODY BLITZ

Cait (above, with mum Esther) worked hard to prep her curves for that Versace frock! "She stopped eating meat almost entirely and started eating more soy products to help decrease the testosterone and increase oestrogen," reveals an insider.

OH, BROTHER...

Despite their united front, the tensions between feuding step-siblings Brody and Kim ran high. "Brody didn't even speak to Kim backstage," says an insider. "[He] thinks Kim is just beyond fake and wants nothing to do with her."

"Hey Siri what gender is Bruce Jenner" tap to edit

The answer is female.

EVEN SIRI'S GOT CAIT'S BACK!

Tech giants Apple have programmed their smartphone assistant Siri to correct users who call Caitlyn by her former name Bruce. For example, Siri now responds to the question "How old is Bruce Jenner?" with "Caitlyn Jenner is 65", and lists her as female. Well played, Apple!

Louis's ba 'I'M NO to be

Could daddy duties force him to quit One Direction?

Given he's been sowing more wild oats than Uncle Tobys lately, it was only going to be a matter of time before One Direction's Louis Tomlinson got someone knocked up.

Yep, the twittersphere went into meltdown last week when news broke that the British lothario – who split from long-term girlfriend Eleanor Calder in March – was expecting a baby with his recent fling,

23-year-old stylist Briana Jungwirth!

"Well that crafty bitch is set for life now," sniped one upset Directioner as the hashtag #OhNoLouis trended, while another raged, "They invented this thing called a condom for a reason Louis."

Louis even flew to LA with his mum Johannah and stepdad Dan earlier this month to be by his babymamma's side.

What's more, his folks met Briana's mum Tammi and stepfather Brett – who she lives with in Calabasas – at the 12-week ultrasound.

Dad joke

When a baby doll was pegged at him during 1D's gig in Finland last month, Louis quipped, "Outrageous! It's not real!" before throwing it back. Let's hope it's not an indication of his parenting skills!

'LOUIS IS
ABSOLUTELY
FREAKING
OUT'

baby booboo! NOT READY a dad!

But despite a source telling US mag *People* that Briana and Louis – who were snapped partying together on three separate occasions in May – “could not be more excited”, tongues are wagging that the picture isn’t as pretty as they’re making out!

One blind item even hints that despite being close pals, Briana is simply a girl he “partied and had sex with a few times”. Yikes!

“Louis is absolutely freaking out,” an insider exclusively reveals. “He’s terrified – it’s already causing serious problems.”

Indeed, we hear his 1D bandmates only found out a few days before the public, while Zayn heard about it the same time we did!

So what could it mean for the future of 1D?

“There are worries this could have serious implications for the future of the band,” says our source. “Fans are seriously pissed and Louis is going to need time off when the baby arrives. Who knows? He might not come back!” ■

WHO IS BRIANA?

The blonde bombshell – who’s been helping out on fashion shoots around LA to gain valuable experience as a stylist – caught Louis’s eye after they were introduced by mutual friends, but while they hooked up a few times, the pair never formally dated. And unusually for hot young La La Land local, she doesn’t have a Twitter or Instagram account and only recently attended her first 1D concert!

Scott’s secret love children!

Scott was busted getting touchy-feely with Chloe on a yacht in St Tropez last month

Just when it seemed things couldn’t get any worse for Kourtney Kardashian, sensational new reports have emerged claiming her estranged babydaddy Scott Disick is expecting a kid with his latest fling Chloe Bartoli!

“Scott told a couple of friends that he’s worried Chloe could actually be pregnant,” spills a source. “Scott is being very reckless and making bad decisions. He is worried he and Chloe weren’t careful enough.”

And the bad news keeps on coming, with a friend of the troubled star spilling to *NW* that Chloe may not be the only one he’s knocked up.

“Who knows how many kids he’s got out there or on the way?” says Scott’s pal.

If the rumours are true, such a betrayal would see him booted from *Keeping Up With The Kardashians* for good, with Kourt’s influential mumager Kris Jenner ensuring *E!* permanently blacklists him from any future reality TV roles.

“Without that family, he’s got nothing,” adds our insider.

Mi billion

Kerr-ching! The Aussie supermodel's got seriously expensive taste in men!

Being one of the world's most beautiful women means Miranda Kerr can pretty much take her pick when it comes to potential partners. But these days the business-minded cosmetics mogul has one strict rule – any wannabe Mr Ks need to have a net worth featuring at least nine zeros!

Indeed, since separating from multi-millionaire hubby Orlando Bloom two years ago, the 32-year-old Kora Organics founder has raised her standards, stepping out with a string of even wealthier fellas, from Stephen Bing to James Packer and now Snapchat founder Evan Spiegel.

Worth a cool \$2 billion, Evan's certainly a catch on paper, although leaked emails from his university days, which talk about ordering cocaine and urinating on chicks, may suggest otherwise. Not that Miranda seems to care!

While she's usually one to keep her PDAs behind closed doors, Miranda's thrown modesty to the wind, stepping out for a cosy Farmers Market date and even swapping spit with Evan – who's also the world's youngest billionaire, according to *Forbes* magazine – during a red-hot dinner in Venice, LA!

"They sat at the bar and were making out," says an eyewitness. "They were into each other."

Let's hope Evan took care of the bill! ■

Selena's ex addiction

Selena Gomez just keeps tucking into her own leftovers, helping herself to not one but two of former flames in one day!

Just hours after she was seen sitting on the lap of her on-off beau Justin Bieber at the plush Montage hotel in Beverly Hills, Sel, 22, was seen sneaking into the Malibu home of her long-time friend with benefits – and Miranda's ex – Orlando, 38.

"It was pretty clear Selena really didn't want to be seen going to Orlando's house," says an onlooker. "But when she and two friends left close to midnight, they all looked happy and giddy."

Mariah packs for Oz

Put the Cristal on ice, folks – Mariah Carey is planning to relocate to our shores for her new man James Packer!

"Mariah wants to move Down Under," a source says on the back of reports they're already talking about taking their whirlwind romance down the aisle. "She's totally in love."

But we hear Mariah's ex-husband Nick Cannon, 34, could put the breaks on Maz's great escape, because he doesn't want the diva taking their four-year-old twins Moroccan and Monroe out of LA. And according to family law expert, US attorney Goldie Schon, Nick might just get his way!

"The court can say... 'Have a good time. But the children are now going to be primarily in the custody of Nick,'" he says.

During his Glastonbury

The pregnant star holds her breath as a second X-rated video threatens to emerge!

She's no stranger to whipping her designer kit off for the cameras, but news of a second home porn movie being shipped around LA has Kim Kardashian hitting the panic button!

Last week, gossip website Media TakeOut released stills allegedly taken from a smutty 21-minute flick made during

Kim's short-lived first marriage to muso Damon Thomas back in 2000.

And while 34-year-old Kim had no problem owning the raunchy sex tape she filmed with former flame Ray J - the 2010 release of which earned her family a tidy \$88 million and helped catapult them onto the A-list - it's a very different story these days.

In fact, now that she's mum to two-year-old North and has a baby boy on the way, poor Kim's horrified at the prospect of being an amateur porn star again.

"She completely broke down when she found out about the

movie," spills an exclusive insider. "Her lawyers are wasting no time getting to the bottom of it."

What's worse, we hear she and Damon had a great sexual relationship and explored all kinds of things in the bedroom! Kinky!

"Yes, there was footage, but Kim never thought it would see the light of day," adds the source. "She can't believe someone would do this."

Of course, Kim's also freaking out about how her babydaddy Kanye West, 38, will react if the sex tape sees the light of day. Sure, he's a loyal hubby and father, but the rapper's worked tirelessly to carefully craft their public image as credible style icons.

"Kanye isn't happy about it, but he's trying to stay calm," adds our insider. "At the end of the day, he'd never leave her over something like this. He's a family man first and meant every word of his wedding vows."

That doesn't seem to be enough to comfort Kim, though.

"She's not going to be able to sleep at night until she gets some answers," says our insider. ■

Another sex tape?

Kim can't bear the idea
of going through the
humiliation all over again

Let's hear it for Hollywood's hottest new girl hook-ups!

First she got herself a hot new bod, and now US *Dancing With The Stars* winner Rumer Willis has landed herself a hot new bae to boot in the form of celeb stylist Maeve Reilly!

Despite attempts to keep their new relationship on the down low, the super-cute pair were busted leaving LA haunt Bootsy Bellows hand-in-hand after a night of getting hot and heavy on the dance floor!

Realising they'd been sprung, Maeve – who dated Russell Brand back in 2012 – cheekily shared a snap of the two holding hands along with the caption, “When sneaking out with #Bae doesn’t work.” Cute!

For Rumer's part, it follows a string of dead-end flings with a slew of Hollywood stars, including *Glee* actor Chord Overstreet and *The 100* star Ricky Whittle.

But those in Rumer's inner circle reckon stylist Maeve – who's worked with everyone from Jamie Foxx to Mel B – just might turn out to be the 26-year-old's Miss Right.

It seems Maeve has been ticking box after box for Ru, who says her ideal partner will be “an equal” and is “someone that pushes you to be the best possible version of yourself”.

“Rumer talks about her a lot, and they have great chemistry,” says an insider. Sounds promising! ■

Rumer's new LADY LOVE

Miley and Stella's PUBLIC PASHATHON

After confirming their romance with a very public pash sesh at celeb haunt Nobu in Malibu, word is Miley Cyrus and Stella Maxwell have celebrated their engagement by putting a ring on it – but their bling isn't where you'd think!

Yep, Miley, 22, and the Victoria's Secret Angel, 24 – who also called the singer “my lady” on Instagram last week – were so excited they've gone and had their lady gardens pierced!

“Miley's madly in love with Stella and she wanted to do something fun and cheeky to celebrate,” reveals an insider.

“Matching tattoos are way too cliched for her these days so she came up with the idea of getting piercings.”

It might make riding wrecking balls a little uncomfortable in the future, Miley, but hey – the things we do for love!

In a case of life imitating art, Taylor Schilling has set her sights on Mrs Right and is officially dating *Portlandia* creator Carrie Brownstein! The *Orange Is The New Black* star and her 40-year-old squeeze first sparked romance rumours when fans saw them out together in Portland, Oregon, back in March, but things are starting to get serious. Taylor's even accompanied her gal on tour in Europe.

We hear Taylor and Carrie have been friends for a while and those close to the pair say they've taken things to the next level and couldn't be happier.

SHOCK CLAIMS!

Jen cheated on with Matt!

Perhaps Hollywood's sweetheart isn't so sweet after all...

Not according to Matt LeBlanc's dad, Paul, who sensationally claims Jen and her *Friends* co-star enjoyed a torrid fling before her marriage hit the skids!

"[Matt] had a relationship with one of the girls... Jen," the 73-year-old alleges in a scandalous tell-all interview with US magazine *Star*.

"They would make out in the dressing rooms. He told me about it – it was when she was married to Brad Pitt."

While Paul refuses to divulge any further details about the supposed affair – other than say it took place some time in 2003

We've heard the story a thousand times. In 2004, while filming *Mr. & Mrs. Smith*, Brad Pitt and Angelina Jolie fell in love, resulting in the *Fight Club* actor divorcing his wife of five years Jennifer Aniston. But is that what really happened?

Workplace romance?

They certainly had chemistry swapping spit on *Friends*!

Mouth to mouth

The camera doesn't lie – that's a kiss on the lips! And it's not on set!

Jen and Matt shared an intimate moment when they met outside an LA restaurant in 2004

on Brad first...

– his statement could rewrite the publicly accepted history of Jen and Brad, 51.

Questions are already flying as to whether Brad knew about Jen and Matt's alleged tryst. And, if so, could such a betrayal have propelled him into Ange's waiting arms?

Of course, if Jen and Matt did get it on, it would have been a case of life imitating art, as their characters Rachel and Joey hooked up in the *Friends* Season Nine finale in 2003.

Jen – whose reps strongly deny Paul's claims – also raised eyebrows in 2004 when she was snapped locking lips with Matt

'IT WAS WHEN SHE WAS MARRIED TO BRAD'

on an LA street. What's more, the 46-year-old has openly gushed about her fondness for her former co-star.

"Talk about someone who can read me a mile away," she once said. "I see him giving me this look... and he just gets you to lose it, if there's something to lose."

But Paul, who's estranged from Matt, 47, reckons his son's tender side is all an act.

"Matt is not a compassionate individual," he says, sniping that although he was once among Hollywood's hottest, "he isn't going to age well".

"He'll be a fat little guy."

Ouch! With family like this, who needs enemies?

Innocent victim or cheating spouse?

For years now, Angelina has been painted as the home-wrecking "other woman" responsible for breaking up Hollywood's golden couple. But Paul's claims suggest a very different story. Was Jen's reported fling with Matt really to blame for the end of her marriage to Brad? Maybe we'll never know...

Was the fairytale nothing more than fiction?

'LIAM'S
PARANOID
ABOUT HIS
NEXT MOVE'

SIBLING AT WAR

LIAM
VS
CHRIS

They're all megawatt smiles and high fives in public, but the Hemsworth brothers are locked in a *Hunger Games*-style face-off!

While they've never been coy about their competitive streaks, with Chris once gloating that their "race at the box office" had left his younger brother with a "few bruises" – Liam hinted at growing tensions earlier this month, snapping at a reporter he thought had mistaken him for *Avengers* star Chris, 35.

"It's Liam. You called me Chris, didn't you?" the 25-year-old raged at San Diego's Comic-Con before being assured he'd misheard. Awks!

BEEFCAKE
BEEF

Now that Liam's stint playing Gale Hawthorne in *The Hunger Games* franchise has come to an end, the race is on to snag his next big-screen gig. And given Chris has been overshadowing his little bro since landing the role of Thor back in 2010, Liam's feeling a major sense of urgency about the situation.

"He's paranoid about his next move and worries that his brother's more desirable for roles than he is," reveals an exclusive insider. "Chris has the perfect family, the bigger career, the beautiful wife – and it does bother him because it wasn't long ago that he had the hot girlfriend, the big career and a huge future ahead of him."

ASH
VS
JESS

NOT SO MODEL BEHAVIOUR

Hold onto your hair, Bella Hadid – because your big sister Gigi is gunning for it! Yup, we hear the 20-year-old model let rip at copycat Bella after she donned a blonde wig – and totally bossed the look, by the way – on Instagram recently.

“Both girls are fishing in the same pond for modelling gigs, so they agreed to stick to certain looks to avoid treading on each other’s toes,” spills our insider. “Gigi is meant to own the all-American

thing, while Bella’s vibe is the dark and brooding look!”

And while Bella quickly realised her gaffe and deleted the snap, Gigi is baying for blood!

In fact, we hear she’s not just fed up with 18-year-old Bella riding on her coat-tails in the modelling biz, but is accusing her of stealing her jobs, friends and even boyfriends!

“When she and Bella fight, she gets so vicious,” adds our insider. “She tells Bella she’s the ugly sister. It’s horrible!”

INGS AR!

Despite their friendly front, behind closed doors the gloves are off between these battling bros and sparring sisters!

HITTING THE WRONG NOTES

Jessica and Ashlee Simpson used to be as tight as a pair of Daisy Dukes, but not anymore.

We hear tensions hit boiling point when Jess flew the family to St Barts for her 35th birthday, knowing full well pregnant Ash, 30, had to stay in LA as she’s due to give birth any day now.

And word is Ashlee’s marriage to Evan Ross – the son of Motown superstar Diana – is the reason behind the sisters’ feud.

“Now Ash has joined the family of a music legend, she feels she has the edge,” says our insider.

Meanwhile, Jessica is turning 50 shades of green over her sister’s hassle-free rise.

“Jess feels like Ash has had an easy ride,” says our insider.

KEEPING UP WITH THE KAR-KLASH-ANS!

Uh-oh! When Kendall Jenner’s recent heart-hair selfie scored more likes than Kim

Kardashian’s record-breaking wedding-day snap, it seems the elder sister resorted to dirty tricks to reclaim the mantle.

Indeed, when Kimmy’s Instagram followers jumped by three million in a matter of days, taking her past the 40 million mark, rumours swirled that she’d bought fans – a common practise among A-listers hungry for online star power!

And it wouldn’t be the first time she’s faked it to make it! When Instagram conducted a purge of phony accounts late last year, Kim lost 1.3 million followers almost overnight, blowing her devious scheme wide open. Busted!

She's choosing love over the limelight!

BIDDING FAREWELL

Khloe believes a life away from the cameras is what her marriage needs, but kontrolling Kris is said to be "furious and trying to talk sense into her".

She clearly meant every word of her vows when she tied the knot with Lamar Odom in 2010. And now it seems Khloe Kardashian is staying true to her promise of "for better or for worse".

Almost two years after filing for divorce, we hear the reality star is having a change of heart and wants to give the disgraced basketball star another shot.

In fact, with Lamar battling to maintain his sobriety following the tragic deaths of two close friends, we can reveal Khloe's ready to give up everything to rebuild their marriage – including

her multi-million-dollar reality TV career!

"Khloe's telling people she's ready to turn her back on the show," spills a family insider. "She wants to be with him more than anything else and now that he's 100 per cent committed to sobriety, she's ready to go all-in for their marriage."

After all, Khloe has more than enough money to live on and is convinced fame was the number-one factor in their marital woes – as Lamar, 35, couldn't cope with living under the relentless spotlight that *Keeping Up With The Kardashians* shone on him.

"The tension over that and the disrespect he felt slowly poisoned things," adds our insider. "Their inability to have a baby only made things worse, but now Khloe is less obsessed with getting pregnant – she just wants her Lammy back."

Naturally, money-minded matriarch Kris Jenner, 59, is livid about losing one of her biggest

Khloe's decoy dates!

While Khloe's been spotted on a string of public dates with her supposed new NBA boo James Harden, 25, in recent weeks, insiders say their fling is all smoke and mirrors!

Word is the outings are part of a carefully crafted strategy to divert attention away from her rebooted romance with Lamar.

Interestingly, both Lamar and James were spotted together at the same Meek Mill concert in Las Vegas recently. Comparing notes, boys?

C'mon, James – you'll have to try harder than that to convince people this LA date is real!

drawcards and is trying to talk Khloe out of quitting the show.

Nevertheless, KoKo is convinced there's more to be gained from leaving, especially now that grieving Lamar – who's reportedly been sober for six months – will be needing her support more than ever.

Indeed, despite being snapped recently looking healthy during a workout near his Las Vegas home, the sports star is secretly falling to pieces over the drug-related deaths of pals Jamie Sangouthai, 37, and Bobby Heyward, 30, last month.

"Khloe's mind is made up," says our insider. "Lamar is her priority and she no longer cares about the show. Now he's on the road to recovery, they have a chance at a life together." ■

DID LOURDES BAN MADGE FROM HER BEAU?

Madonna's daughter Lourdes Leon unveiled her new boyfriend at a recent wedding in Tel Aviv, Israel, and while we don't know his name yet, we do know her mum Madonna already likes him – a little too much!

Yep, it seems Lourdes, 18, has to warn her toyboy-loving mum to keep her lips off!

"Madonna gushed about Lola's boyfriend earlier this year on an episode of *The Ellen DeGeneres Show* and is constantly asking Lola to bring him round," spills an exclusive source.

"She even invited him to join the family on holiday in Italy, but Lola's passing on the offer for fear her mum will make a move on her guy!"

Eek... How embarrassing would that be?!

3 WAS BRODY & LC'S LOVE FAKE?

It's no secret that storylines on *The Hills* were embellished, but Brody Jenner claims all of his flings on the reality show were fake – even his relationship with Lauren Conrad!

"We were just friends," he insists. "We'd film a scene of us kissing or being in this lovey-dovey scene, and then right after, it would be like, 'Cut.' And we'd be like, 'Great to see you,' and we'd go our separate ways." Noooo, say it ain't so!

Maybe! Skinnygirl mogul Bethenny Frankel has reportedly been dating *Modern Family* star Eric Stonestreet for months!

Indeed, after cosying up at a New York event in May, they were recently spotted at an LA Dodgers baseball game.

Adding fuel to the fire, Bethenny cryptically tweeted, "I think if u have a great textual banter, compatibility is likely."

We really hope she means sexual...

WHO THE HEMS IS HE SUPPOSED TO BE?

Our first glimpse of 'Chris' in *Ghostbusters* is, er, haunting!

We've seen some dodgy doubles in our time, but Chris Hemsworth's action stand-in on the Boston set of *Ghostbusters* looks more like *Sliding Doors*-era Gwyneth Paltrow than Thor!

Donning a dodgy wig, the significantly smaller stuntman was snapped riding a motorcycle on the set of the reboot flick, in which Chris plays the *Ghostbusters*' receptionist Kevin.

But weedy stunt double aside, there's plenty about the big-screen comedy to look forward to. Not only does it star funny ladies Melissa McCarthy, Kristen Wiig, Kate McKinnon and Leslie Jones as the all-female team of poltergeist pounders, but it will also feature a cameo from original *Ghostbuster* Dan Aykroyd.

"On set of *Ghostbusters* shooting my scene with the funny and beautiful Kristen Wiig. Lady GB's are adorable, beautiful," he tweeted last week. We. Can't. Wait!

WHY DID ZAYN DROP THE F-BOMB ON HIS BESTIE?

It looks like the bromance is over between rapper Naughty Boy and former One Directioner Zayn Malik!

Believing Naughty leaked some of the music video for his song *No Type* with Brit rappers Krept and Konan, Zayn took to Twitter to tear his former collaborator a new one.

"@NaughtyBoyMusic you fat joke stop pretending we're friends no one knows you," the 22-year-old wrote. "Someone learned how to upload a video... maybe now he should learn how to use logic ha you ain't shit but a faker."

Woah! Them's fightin' words!

Sorry, Naughty – Zayn ain't playing nice anymore

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

Beardy Ben steps out in Atlanta with a mystery woman after announcing his divorce.

IS HARRY ON A GIRL DIET?

The fact he's had more flings than hot dinners over the years with a string of A-list ladies, including Kendall Jenner and Taylor Swift, means Harry Styles has earned his playboy stripes!

But at the ripe old age of 21, the penny has dropped that one-night stands aren't all they're cracked up to be, so the One Direction singer has decided to quit womanising in a bid to find The One!

"He wasn't getting anything out of being a playboy, and over time it's made him feel cheap and lonely," reveals our insider. "He wants to clean up his reputation."

It sounds like Harry's decided to settle down. We wonder if it has anything to do with bandmate Louis Tomlinson's baby news...

IS CARA'S MUM SET TO SPILL HER SECRETS?

Someone tell Cara Delevingne's socialite mum Pandora that blood's meant to be thicker than water!

Word is the former heroin addict is gearing up to pen a memoir in which she'll tell all about her wild life and dish the dirt on her 22-year-old daughter!

The news comes after Cara told *Vogue* that "I have only been hurt by women... My mother first of all."

"Cara has no say over what her mum will write about her," says a source. "Publishers want what sells – scandal. This has the potential to be hugely problematic for Cara's image."

Watch your back, Cara! Pandora's about to open her box of secrets

8 WHO'S BEN'S NEW GIRL?

Someone's managed to put a smile back on Ben Affleck's dial! Fresh from announcing plans to divorce Jennifer Garner after 10 years of marriage, the 42-year-old actor was seen laughing up a storm with a hot brunette – believed to be the family nanny – as they dropped off Ben's daughter Seraphina, six, and son Samuel, three, at a community centre in Atlanta, Georgia. But Ben better not get too happy, otherwise it may jeopardise his role in the upcoming *Batman V Superman: Dawn Of Justice*. The movie's director Zack Snyder reveals he snagged Ben to play Batman because the ageing superhero is, at this point "at the end of his rope... He's burned out." A case of life imitating art, perhaps?

9 IS RYAN THE LONELIEST MAN IN HOLLYWOOD?

You couldn't swing a cat in a bathroom without hitting at least 20 women who'd kill to hang out with Ryan Gosling... but he'd rather be alone! Yep, apparently the 34-year-old actor – who just last September welcomed baby daughter Esmeralda with girlfriend Eva Mendes – is socially awkward and has trouble bonding with people. "He hasn't made any close friends in the 20 years he's been working in LA," reveals an insider. "Fame has closed him off to meeting new people because he doesn't feel like he can trust anyone." Poor guy! We're right here if he needs consoling.

Johnny's not a fan of wife Amber spending time with her ex-girlfriend

10 DO JOHNNY AND AMBER HAVE AN OPEN MARRIAGE?

It seems while Johnny Depp's away, Amber Heard will play, because we're told she allegedly spent the night with her ex-girlfriend Tasya van Ree! But if you think 52-year-old Johnny – who's in Oz filming *Pirates Of The Caribbean: Dead Men Tell No Tales* – is cool with his 29-year-old wife having a sleepover with her ex back in LA, you're mistaken. "He's going to flip out when he hears because he's always been insecure about Tasya," claims our insider. "But Amber's a free spirit – she's made it very clear she won't let him control her and she'll hang out with whomever she wants."

Even VS Angels have their off days! On this rare occasion, people may have been checking out Alessandra Ambrosio's toned tush for the wrong reason.

BREAKOUT STARS

EVERY CAREER SUFFERS THE ODD BLEMISH

Stressed around

Delta Goodrem, 30, goes to great lengths to keep her stressed skin under control. "I don't smoke, nor do I drink regularly," she says.

Pop pimples

Like many of us, Katy Perry, 30, has battled acne since her teens. "My skin used to be a lot worse," she says.

Blotched role

Shailene Woodley, 23, isn't a fan of make-up, meaning patches of redness are hard to conceal.

Dotty totty

Even mega-popular pin-up Kate Upton, 22, goes through some rough patches.

Take it on the chin

A hat and shades can hide a lot, but not 54-year-old Julianne Moore's angry red zit.

Rough night?

It looks like the party circuit is hitting the wrong notes with 18-year-old Cody Simpson's skin.

Hormone hell

Model Brooklyn Decker, 28, captioned this Instagram selfie, "Pregnancy hormones are effin' awesome. #acne #hairyface." We feel your pain, hun.

Make-up fails!

Too much touch-up

It's usually Nicole Kidman, 48, stealing the scene – not her cringe-worthy cosmetics!

Statue-esque

There's alabaster skin and then there's this! Emma Stone, 26, looks like she hasn't seen the sun in centuries.

Hue must be joking

We love 30-year-old Kelly Osbourne's attitude, so we sure hope she never mellows. Or yellows.

The white stuff

Self-confessed former drug addict Angelina Jolie, 40 appears to be dabbling in white powders again!

Ever the professional, Zooey Deschanel, 35, rocked the red carpet despite sporting three unsightly accessories on her upper eyelid. Looks painful!

Give these stars a hand. No wait, a finger...

Dodgy digit

Denzel Washington's pinkie wound up pointing the wrong way after the 60-year-old broke it playing basketball as a child.

Leave a tip?

Matthew Perry, 45, has come up short in the finger department since childhood, when the top of his middle digit was claimed by a car door.

Lovely lady stump

Messing around with a well pulley at her nan's house when little put paid to the tip of 54-year-old Daryl Hannah's left index finger.

The curious case of MK's button

Is it a Jelly Tot? Is it a ping-pong ball? No, it's 55-year-old designer Michael Kors' oversized belly button!

That's toe biz!

Twisted tootsies

Jennifer Garner, 43, is perfect from head to, well, ankle! The mum-of-three reportedly suffers from brachymetatarsia, which causes one toe bone to be abnormally shorter than the others.

Freaky feet

Rather than hiding his funky phalanges away in a pair of closed-toed shoes, rocker Steven Tyler, 67, likes to pretty them up with a splash of nail polish!

Get outie here!

"John Stamos has a gross belly button," read the 51-year-old actor during a Mean Tweets segment on Jimmy Kimmel's *Tonight Show*. And John's the first to agree! "They're right!" he jokes.

Holy crepe!

"I tested different neck creams on tour with my make-up artist," says Fergie, 40, who rolls with the punches when it comes to ageing.

The WEEK PICS

She's got swag by the bag!

Behati's flare for fashion!

It looks like **Behati Prinsloo** couldn't decide whether to give a sartorial nod to the '60s look or rock an '80s vibe, so she settled for a bit of both! The Victoria's Secret vixen is all flares and flower power down below and a vintage Billy Idol tee up top as she runs errands in New York. Talk about a timeless look!

Excuse the tongue - she doesn't realise 'lapping up the attention' is just a figure of speech

'What can I say, Adam? Billy's my idol!'

Hot weather isn't something the English county of Surrey's known for, but **Chris Hemsworth** brings a little ray of sunshine as he films a scene on horseback for *The Huntsman*. Riding in like a knight in shining armour, the actor even charms the eyeballs off a female member of the production crew, who can't bring herself to look away from the hunky star. Happens to the best of us, hun!

The WEEK PICS

When it comes to pregnancy outfits, **Kim Kardashian** can't go wrong with her sorbet frock and duster coat combo! And while her hubby **Kanye West** and daughter **North** stick to the tonal theme, they opt for a more casual take – not to mention uncharacteristic smiles! – as they leave the cinema in Calabasas, LA, following a screening of *Minions*.

'We stop traffic'

Ladies who lunch

With **Gigi Hadid** and **Joe Jonas** seemingly joined at the lips, it's nice to see they're coming up for air to put some food in their mouths. The model and her man – collectively known as GI Joe – are grabbing a bite with mates in SoHo, New York, before Gigi walks it off with her skater gal pal **Leah McCarthy** – who she describes as her “partner in dine”.

Um, the ride's over, Katie...

'OMG, that guy next to me is soooo hot!'

Girls just wanna have fun

OK, **Katie Holmes**, we get it – having a nanny has its advantages! Hitting Disneyland with her daughter **Suri Cruise**, Katie – who's just announced her return to TV in the new season of *Ray Donovan* – has the freedom to go on all the scary big kids' rides... And apparently stalk a dishy blond dude while she's at it! Meanwhile Suri clearly loves spending time with the nanny, so it's a win-win situation!

Katie's just realised the lady in front isn't wearing deodorant...

'I believe I can fly'

With the nanny on Suri duty, Katie's free to hang out

'Go hard or go Holmes!'

She finally got to go on all the rides Tom was too short for!

'I demand you shade me'

Suri ambitiously proposes a thumb war...

...but the nanny beats her with a headlock

'I'll be writin' on my keybort'

Is there no end to her talons?

She woke up like this

Day-um! Only **Beyonce** could make a simple out-and-about outfit like jeans and a white tee look this glam. The *Flawless* singer also seems to be demonstrating a few life hacks as she hits the street in New York. Forget your clutch? Just clasp your Macbook like it's a classy metallic purse.

HOT

Alexa Chung

Seriously, did she wake up like this? Effortless. Every. Time! From the polka-dot pussy-bow blouse to the black button-up mini, girlfriend has an eye for style.

HOT

Gwyneth Paltrow

Va-va-Valentino! Gwyneth lets her plunging gown (or it a muumuu?) and signature straight locks do all the talking.

NOT

Rihanna

Has the bad gal gone good? It appears that way with this pretty Pollyanna dress. But it's like she went to her jewellery cabinet and put it all on at once. Naughty granny!

HOT Doutzen Kroes

Holy halter-neck! There's no better way to show off those toned shoulders. And just check out the way Doutzen's arty frock cascades over her curves like it ain't a thing!

NOT

Lena Dunham

We've got a lot of love for the *Girls* star, but this LDD looks a few sizes too big for her. And while the cute heels help, all up it's a bit too blah for the red carpet.

NOT

Charli XCX

She claims to be fancy, but not in this split-personality frock! There's just tutu much tulle under there for it to be cute – or comfy! And don't even mention the shoes!

HOT

Gigi Hadid

Whether on the catwalk or sidewalk, Gigi gives good strut. If only we all looked as perfectly put together as this off-duty beauty does in the most basic of get-ups!

Hot NOT

HOT

Bella Thorne

Proving yet again that she's the queen of matching two-piece sets, Bella knocks it out of the park with this sheer floral combo. We're loving the mix of textures, not to mention how well this outfit shows off her pins!

HOT

Daisy Lowe

Daisy's the epitome of "pretty in pink" in this figure-hugging frock. The nude heels ensure her look is more babin', less Barbie doll.

HOT

Lea Michele

Lea's looking red-hot-hot-hot! Giving a nod to the menswear trend, she keeps her outfit sexy, sassy and feminine with a plunging neckline, cut-out sleeves and oh-so-short shorts.

HOT

Emma Roberts

We're huge fans of the interesting neckline and pattern of Emma's dress, while the simplicity of her cut-out kicks keeps the focus exactly where it should be.

HOT

Emma Stone

We've never seen this girl put a foot wrong when it comes to fashion, but we're particularly enamoured with this monochrome ensemble. Simply divine!

NOT

Kris Jenner

Who's been rummaging through Kanye's wardrobe again, hmm? We don't know who Kris is trying to hide from, but she's sticking out like a sore thumb in this gaudy camo get-up!

Who wore it best?

It's a fashionable face-off of twinning stars!

70%

Rita Ora & Irina Shayk

While this Versace number flatters both Rita's curves and Irina's mile-high pins, it all comes down to accessories. Rita's patent over-the-knee boots make the oversize buckle look cheap and costume-y, whereas Irina's subtler hints of red are sexy and sophisticated.

30%

Olivia Palermo & Natalia Vodianova

While Olivia schools us in how to rock a plunging neckline in the middle of the day (Silk neck scarf and classy flats? Check!), Natalia's take on the Dior frock is a little too schoolgirl for our liking. If she wants to salvage it, she could start by ditching the satchel and the cutesy blue shoes.

Gigi Hadid

Whether pulled back like Kendall's or swept to the side à la Gigi, it's time to take the pony from MVP daytime 'do to the ultimate standout style. How? Focus on getting the sleekest strands possible by prepping towel-dried hair with a smoothing lotion before blow-drying straight. Next, spritz roots with hairspray to tame fly-aways before pulling back and securing with an invisible tie. For a red carpet-ready finish, give lengths a going-over with a gloss serum and straightening iron before wrapping a small piece of hair around the elastic to hide it, securing underneath with a bobby pin. Voila!

FINISHING TOUCHES

Take your cue from Kendall and pair your pony with a punchy, poppy red pout and illuminated cheeks.

BODY *blitz*

NATALIE'S *fit body* PHILOSOPHY!

Getaway plan

Nat works her body rather than torture it. "I would never starve myself," she says.

The TV hottie's guide to staying healthy on the go

Travel can jeopardise even the fittest girl's discipline – but not Natalie Gruzlewski's! The *Getaway* presenter and former *Farmer Wants A Wife* host practically lives out of a suitcase, jetting all over the world for her various TV gigs – but she doesn't let an unpredictable schedule derail her diet.

"I try just try to eat as many fresh foods as possible, but travel is about

experiencing the culture," the mum-of-one tells NW. "So I embrace this in the healthiest way I can when it comes to food."

And should she be tempted by a few too many local delicacies during her adventures, she has a go-to technique for whipping the weight off, stat.

"I cut down on carbs and sugar," the 38-year-old explains, adding that she never opts for anything too drastic. "I just believe a balanced lifestyle is the best way to be healthy."

Let's take a look at how she does it...

Choice WORKOUTS

You don't get muscle tone like Nat's by putting on your uggies and curling up with a *Friends* box-set! During the colder months, she warms up with Bikram yoga and has recently become obsessed with Pilates. And in between classes, she has a personal trainer to get her moving – well, a teeny-tiny one! "Running around after my two-year-old daughter Olivia keeps me on the go as well," Nat laughs.

And whenever her *Getaway* gig calls her away to a foreign land, Nat simply dusts off her trainers and uses her workouts as a means of getting touristy.

"A run or a jog is also a great way to take in the sights when on location," she adds.

Do it all!

"Life is about balance and I think everything is OK in moderation," says Nat.

What's in Nat's gym bag?

Her diet dos

Slow down come Saturday...

"I am pretty healthy most of time, but on the weekends I tend to be a little more relaxed."

Pack protein into every dish...

"On a typical day, my breakfast is mixed berries and homemade muesli with yoghurt. Lunch is a veggie juice with a chicken salad and dinner is usually salmon or some kind of fish and vegies."

Shun sugar and cull carbs...

...but avoid crash diets! "I have tried a juice cleanse [and] barely lasted 24 hours," Natalie admits.

YOUR Stars

The week ahead with **Adele Lang**

Cancer JUNE 22 - JULY 23

Jupiter can't guarantee you'll ever earn as much as the celebs, but the planet's influence over the next seven days should ensure you'll be a bit better off. An unexpected windfall or a long overdue pay rise is in the offing - just don't spend it all at once!

Leo JULY 24 - AUG 23

You'll need to rein in your competitive side this week. Trying to win a lover's affections or an employer's approval is all well and good - so long as you're not stepping on other people's toes. Fight fairly and the prize you desire could soon be yours.

Virgo AUG 24 - SEPT 23

Friends and siblings will probably prove more helpful than partners or parents this week. While you might be used to running to the latter first for advice, for now it's best that you don't. Honest answers are needed and some people aren't impartial enough for that.

Libra SEPT 24 - OCT 23

Venus reckons you can get through the next seven days quite easily if you start planning some kind of business trip or overseas holiday. Otherwise, your Libran low boredom threshold will be severely tested by lack of happenings on the home front.

Scorpio OCT 24 - NOV 22

Even those Scorps who are characteristically unlucky in love will turn a corner in the near future. It doesn't hurt that Venus is going all-out to produce more worthy romantic contenders for you to select from. Trust your gut instinct and you won't go too far wrong.

Sagittarius NOV 23 - DEC 21

Solar activity should help you focus on the future rather than live in the past. In recent weeks, a lot of Archers may have found themselves hamstrung by bygone events or former flames. Not anymore! From here on out you're going to move on in leaps and bounds!

Capricorn DEC 22 - JAN 20

When Uranus turns retrograde later this week, you will have to be hawk-eyed with your finances. Errors are likely and it'll be up to you to spot them. Less money-savvy zodiac signs might take offence at being questioned, but they're not the ones in danger of being short-changed.

Aquarius JAN 21 - FEB 19

Mercury's presence in your house of love bodes rather well if you're currently unattached. In other words, you might meet a potential life partner very soon. As much as you enjoy answering to no-one, finding someone special might bring on a massive change of heart.

Pisces FEB 20 - MAR 20

Your diplomacy and tact could save the day some time this week. Most Fish out there are pretty well-versed in the art of downplaying things. A feud between friends or colleagues can be easily sorted by your simply divine - but utterly discreet - intervention.

Aries MAR 21 - APRIL 20

When the Sun moves into Leo midweek, you will have more than enough energy to burn the candle at both ends. That doesn't mean you should overdo things, mind. A short burst of hard work followed by some hard partying is fine. Then it's time to revert to a more moderate lifestyle.

Taurus APRIL 21 - MAY 21

You shouldn't get too frustrated if job promotions don't immediately work in your favour. This week's lunar low means you'd be better off accepting unsatisfactory outcomes with good grace. Your day in the sun will come along soon - so long as you haven't quit in the meantime.

Gemini MAY 22 - JUNE 21

Perfectionist Twin types might need to be a little more laissez-faire in coming days as Mars is destined to bring chaos and confusion. On the home front especially, certain projects may not go to plan. Blaming friends and family for being flaky or incompetent definitely won't help.

NOT a happy chappy

Amy Winehouse's crooning cabbie dad Mitch is still raging over his portrayal in *Amy*, the recently released documentary about his late daughter. So much so that he plans to set the record straight with his own flick, a collaboration with Amy's last boyfriend, film director Reg Traviss. "We're going to invite everyone that's spoken on the other film and we're not going to edit it like they've edited me – and we're going to tell the truth about Amy's life," he says.

THE FIRE WILL BURN FOREVER

This hot papa has taken to fatherhood in his own, er, unique way!

Ryan Reynolds might be a daddy now, but that doesn't mean he's ready to hang up his cool pants just yet.

Yep, ever since his babymamma Blake Lively gave birth to their daughter James in December, the actor's been handling the whole parenting gig with a serious side serving of sarcasm.

Case in point, tongue-in-cheek tweets like "My daughter's only 6 months old and already drawing. I'd hang it on the fridge but honestly, it's absolute garbage."

Hmm... somehow we don't believe you, Ryan!

Anyway, you'll be pleased to know he's keeping up the tough-guy act on screen, too – the 38-year-old's latest film, sci-fi thriller *Self/less*, sees him play the ridiculously buff

body that a dying cancer sufferer has his consciousness transferred into. Weird!

We caught up with him to find out all about that lovely rig of his and what he *really* thinks about his daughter...

How's fatherhood treating you? Well, it's different having just women in the house with my wife and daughter.

Growing up, our house was full of boys – boys are like animals. They are just psychotic.

So you were psychotic then?

When I was a kid of seven or eight years old, we were so destructive we would drywall, spackle and paint [to repair damage], and my dad didn't even know it. I have vivid memories of it!

Everyone goes on about how adorable their baby is, but you seem to like having a good laugh about your little

'MY BABY IS AVERAGE!'

girl James! Everyone who thinks their baby is a genius falls into those traps. Mine is perfect and average. I have a friend who has a kid reciting Chekhov at three or four years old – that is just crazy. I want her to be happy and content and loved. That's the goal for my wife and I. That's what's important to us.

How do you keep that body in such great shape? I do a lot of running now. When I was younger I just ate chips and snacks. I didn't care what I ate or drank. Now it's about self-preservation. You still want to be able to get up after take 50 of falling off some ledge and landing on cement. As I've gotten older, falling on

cement has become less and less hilarious.

You've had some great roles lately, but how do you feel when your acting gets slammed? It's like what they say – if you can't find the asshole, it's you! That's about what that whole ordeal feels like, right? Yep. You've got to have one!

Er, OK. So what's your key to nailing your roles? I show up prepared! I don't show up rehearsed, but I show up really prepared. Sometimes, I'll read a script – and this sounds obsessive – 50 times before I come on set. And just read and read and read.

'Kim's not MISSING!'

Contrary to reports, Brandi tells *NW* her *RHOBH* bestie isn't on the run from rehab

When Kim Richards checked out of rehab recently, the internet exploded with speculation she'd done a midnight runner!

But while *TMZ* claimed the 50-year-old bolted from the Malibu facility because she didn't like the staff, *NW* columnist and former *Real Housewives of Beverly Hills* star Brandi Glanville insists her pal didn't quit – she simply completed her stint.

"I spoke to Kim – she just got out of rehab. She sounds like

she's in great spirits," says Brandi. "She's just trying to find a place to live and move forward with her acting."

But that's not the story according to other sources, who claim Kim's gone AWOL!

"Kim has not been back to the center and has not been doing her outpatient therapy," claims an insider. "She has already missed four sessions."

Sadly, it seems Kim's sitch has now cost her her role on *RHOBH* – we hear she won't even be invited back on a casual basis.

Oh no! Get well soon, Kim – wherever you are... ■

Stuck in a downward spiral, Kim even missed niece Nicky Hilton's wedding!

Kim's dirty digs!

As reports of Kim's great escape broke, leaked images of her \$5500-a-month former LA home reveal just how low she sank before entering rehab.

Indeed, after her disastrous trip to Mexico in May for her daughter Brooke's wedding, it seems she moved out of her plush rental leaving it in a filthy state.

We hear troubled Kim also ruined thousands of dollars worth of garden furniture, but has no money to pay for it, let alone pay her removalist! "Whoever packed her belongings isn't telling her where stuff is," Brandi tells us. "They're holding it for ransom!"

Something tells us she won't be getting her bond back, either...

Honey Boo Boo and her mum are keeping active these days

A slimmed-down Mama June and Honey Boo Boo sizzle in the sun!

Former *Here Comes Honey Boo Boo* star Mama June made quite a splash showcasing her impressive weight loss during a recent family trip to Florida. And the former junk-food junkie – who once tipped the scales at 182kg – credits her 27kg weight loss to lots of green juices.

"They are awesome, coming from someone who doesn't like green vegetables," says the 35-year-old. And her pint-sized pageant-star daughter Honey Boo Boo, nine, has even got in on the act, shedding more than 3kg in the past few months "just by eating smaller and walking", says her mum. Good job!

Sam will be thinking long and hard before putting a ring on anyone

Bachelor Sam's big

'I'm not like Blake'

New guy Sam assures us he's a proper old-school romantic. Swoon!

We've barely recovered from the shock of Blake Garvey dumping fiancée Sam Frost for Louise Pillidge at the end of the last season of *The Bachelor*. So imagine our relief when we chatted to this year's Bachie Sam Wood and realised he'd never pull a move like that!

"I was very conscious of being decisive but sensitive," he says, insisting he'll be careful who he locks lips with.

"I'm definitely not going to go on a rampant kissing spree! But I do think you need to see if there is chemistry there.

"I definitely don't think I will be kissing someone for the sake of kissing them."

What a gent! And that's just the tip of the iceberg when it comes to his chivalry!

This year's Bachelorettes are a bunch of babes

— how many did you have a connection with?

There were a number of girls who really did wow me. It was much harder than I thought.

Did you feel bad kissing and dating multiple girls?

Yes, and the longer it went on the harder it got. The thing I continually reminded myself was that I was there to meet one girl and

I didn't want to lose sight of that.

Were there any tears?

There were some emotional moments! It was a rollercoaster

Describe your perfect wedding day?

Something simple and outdoors. It doesn't have to be at the beach, but a beautiful garden wedding with big trees and big marquee.

Sounds like you've thought about it! Are you broody?

Fab abs

Super-ripped Sam is one sexy specimen! The perks of dating a gym owner, eh?

g interview

hing ake!

I'd love to have a family one day soon. I'd like three children. I really thought I'd be a dad already. I've just turned 35 and if you asked me when I was 20, "Will you be a dad by 35?" I would have said, "Absolutely." When you find the right person hopefully it happens quite quickly but I don't think you can look too far ahead, you need to find the right partner first.

Have you ever been in love? Yes, once. That was my longest relationship. It didn't end because of the girl. I wasn't ready. That's why I applied for *The Bachelor*, because I'm in the right place to fall in love now.

And what kind of boyfriend are you? I'm an old-school romantic. I learnt about chivalry from my dad and my grandad. Love letters? Yep, I've sent them and even had a crack at poetry. I don't know if it was any good!

You sound perfect! Have you got any flaws? That hair must take a while to do? [laughs] I'm far from perfect, but the hair takes two minutes! Getting hair and makeup done on the show was very weird!

You're good looking and successful – surely you have women lined up. Why *The Bachelor*? I own a gym in Melbourne. I've been buried in my job! Finally I had the time and I thought, "What have I got to lose?"

Tim 'Anna loves my Magic Mike routine!'

With his rugged good looks, it's no wonder former *Bachelor* star Tim Robards has been compared to *Magic Mike XXL* hottie Joe Manganiello. He even got dance tips from the Hollywood hunk when he met him recently,

much to the delight of girlfriend Anna Heinrich!

"She loved my *Magic Mike* moves," Tim spills to NW. "But I think she was laughing *at* me not with me!"

Let's see what else the *DWTS* hopeful is willing to 'fess up to...

OK, let's cut to the chase – will your shirt be off on *DWTS*?

I want to do well on this show because of my dancing, not my hairy sweat-beaded chest! But if it feels right, then maybe. If I do that, I'll have all the grandmas chasing me around Bondi Beach.

Are you a natural dancer? Before the show I was a cross between Napoleon Dynamite and Mr Bean. I get really dizzy. It throws me off for the rest of the day. Things got so bad once that I nearly threw up on my dance partner Camille!

How is it being close to someone who's not Anna?

It's fine. Some dances are passionate, but it's just a bit of acting. Whenever I try to practise with Anna, I just end up stepping on her!

Finally, from one *Bachie* to another, what advice do you have for this year's *Bachelor* Sam Wood? I've met him a couple of times and he seems like a really nice guy. Be true to yourself is my advice. It is tricky at first, because there are so many girls!

'I've thought about proposing to Anna'

It's the question he's asked 10 times a day – when will he get down on bended knee? "I have thought about proposing," says the hottie, who fell for Anna on the first season of *The Bachelor*. "There's a lot of pressure, because our relationship is so public. I'd like it to be very private and special, just between myself and Anna. The answer is when we are ready. Once we're not so busy, then we'll be able to take the relationship to the next level!" We await our *Save The Date!*

Argh! Just pop the Q already!

Ash 'My partner kneed me where it hurts!'

She brought the posh factor to *My Kitchen Rules*, but big-haired Ash Pollard reckons we're going to see a very different side to her personality on *Dancing With The Stars*.

"I don't know how classy I can be! I have a bit of a temper, so you might see it flare at some stage," the fiery star tells NW. "I do put a lot of pressure on myself to get things right and I can get fiery with Jarryd." We bet you can!

You and dance buddy Jarryd have to get up close and personal. Have you had any embarrassing moments in training so far? Yes, like when he kneed me where it hurts! He kneed me right there – that wasn't enjoyable. And I kicked him in the head the other day! We're OK, though!

Yowsers! And will we see you swinging those famous locks of yours around? It wouldn't be right for me not to use my hair for a couple of dances. Obviously, I am known for my hair, so I reckon I'll use it for a couple of dances and then slick it back to show people I can diversify. Flicking it around adds to the sass of the dance. But if it's a serious dance we'll slick it back and tame that beast!

How has all the training affected your body? I'm eating more than I ever have before because we're training for six hours a day! It's a blessing that it's all tightening up to the way I like it though.

Have you always been a good dancer? Yes, I've always had rhythm – if I don't mind saying so myself!

Dishy dancer

Please let there be a *Magic Mike*-themed round!

REPORT CARD

We turn the tables – or rather, chairs – and grade the coaches on their performance...

BEST QUOTE

"I'm gonna kill you!" to Jessie J. A touch over the top, Delts?

BEST MOMENT

Storming off after getting frustrated with Jessie because she thought she was too harsh to contestant Tamara O'Callaghan. **"I'm over this shit. I'm out!"** she raged, before slinking back in a few minutes later.

WORST MOMENT

When she copied Jessie by kicking her shoes off to sing and dance on stage with a contestant who didn't get picked. Sure, imitation is the sincerest form of flattery, but it was kinda awky.

BEST QUOTE

"I know [Delta] is angry. Quite genuinely angry." Yes, Jessie – you naughty pot-stirrer, you!

BEST MOMENT

Brazenly saying, **"If I was you, I'd pick the Maddens,"** to contestant Joe Moore – despite knowing Delta was desperate for him on her team! No wonder Delta was peeved.

WORST MOMENT

Smugly replying, **"Not everywhere,"** when dazzled Delta told her she was number one all over the world right now. Play nice, Jessie!

BEST QUOTE

"You fked that up!"** Joel said to Benji after he tried to pitch for Lyndall Wennekes.

BEST MOMENT

When Joel squeezed onto Jessie's chair with her after having a fight with his twin. How cool would it be if they had a three-person team?!

WORST MOMENT

Picking Delta's fan up off the floor after she threw it away like a spoilt princess. Come on, guys – you can't be Switzerland forever, this is a competition!

BEST QUOTE

"Music saved my life" he told a contestant during a heartfelt moment.

BEST MOMENT

Standing by his belief in Gail Page after Jessie slammed her performance. **"Wait a minute, Jess – you're telling me that I'm not honest. I felt very passionate about what she did,"** he declared. Go, Ricky!

WORST MOMENT

Putting his head in his hands when Jessie and Delta got all fighty. There's nowhere to hide, Ricky – maybe your little notebook can save you!

BRANDI snaps!

"So there's a load of stories about JR and I splitting – I don't know where people are getting it from! These stories don't make any sense. Things are always the same, they've always been the same – we break up, we make up, we break up, we make up, he drives me nuts, he's not the right person. But whatever!"

'I'd ban Madge from my man, too'

"I can totally understand why Lourdes fears her mum is going to hit on her man! Madonna's hot, she likes young boys. It is what it is. I kind of don't blame Lourdes – it's a legit thing to worry about."

'I'm worried for Bethenny!'

"The whole thing with Bethenny Frankel dating Eric Stonestreet is interesting. I guess opposites attract, because she's a real skinny girl, and he's a hefty guy! Listen, he's hilarious... but she could get squished. I worry for her. She could burst an implant or something!"

Brandi's VERDICT

'My wine is going off!'

'Everything's coming at me at once – it's overwhelming!'

'Miranda sure loves those billionaires!'

"Miranda Kerr's dating the Snapchat CEO? Doesn't she have a ton of money herself? Why not just date hot guys? I guess she's been burned by a hot guy and doesn't want to go there again. So if they're not hot, they may as well be rich!"
